

Event Calendar

Does live music make your heart sing, or is it the roar of a sporting match that causes your pulse to climb? Do you seek the meditative state of the gallery browser, or the awe that the strength and grace of the ballet can inspire? Brisbane offers song and battlecry, arts and laughs, high-tech light shows and the flickering glow of foreign films. Check out our gig guide and find an event that will leave you wanting more.

For full event details go to visitbrisbane.com.au/whats-on
